GROUP

**TrilinX
Venture**

PVT. LTD.

An institutional partner for health systems across borders.

TrilinX is a Bengaluru-based cross-border healthcare venture group. We connect hospitals, governments and institutions with Indian clinical expertise, training, technology and infrastructure.

We work alongside hospitals, ministries and public bodies as a long-term partner, from running hospital operations to training the people who keep them running.

THE GROUP AT A GLANCE

HEADQUARTERS	Bengaluru, India
DIVISIONS	Healthcare Delivery · TrilinX Academics · Advisory · Infrastructure & Energy
TECHNOLOGY	Dr. Hind · LinqMD
MARKETS	Africa (10+ countries) · Middle East · GCC · South East Asia
TREATMENT NETWORK	Partner tie-ups in 9 countries
SISTER CONCERN	Smart Healthcare Services

WHO WE SERVE

01 Hospital owners and administrators

02 Health ministries, military hospital systems and government bodies

03 Patients seeking treatment abroad, and their families

04 Doctors and medical professionals

05 Investors and strategic partners

Four divisions, one partner.

Each division can work on its own or alongside the others, so partners get one point of contact for everything a health system needs.

DIVISION 01

01

Healthcare Delivery

Clinical capability brought to partner hospitals, on the ground and remotely.

- Hospital O&M partnerships
- Specialist surgical camps
- TeleRadiology services
- Robotic surgery placements
- Partner hospital network

DIVISION 02

02

TrilinX Academics

Training and capacity building for healthcare workforces.

- NMC-registered hands-on clinical training
- Observerships
- Hospital administration programmes
- Institutional and workforce training

DIVISION 03

03

Advisory

Healthcare and institutional advisory for governments and hospital groups.

- Governments and health ministries
- Hospital groups and institutions

DIVISION 04

04

Infrastructure & Energy

Whatever the requirement, TrilinX can help execute it, end to end.

Technology that connects care.

PLATFORM 01

Dr. Hind

Brings the entire medical value travel industry onto one platform.

PLATFORM 02

GROUP VENTURE

LinqMD

Continuity of care, well beyond the consultation.

A doctor-first platform that helps doctors build verified digital practices, manage patient follow-ups and keep care continuous. Built by doctors, with no marketplace fees or commissions, for doctors and hospitals alike.

Practice Hub

A doctor-owned digital presence with verified credentials

SAM-AI

Structured patient access and communication

AI Health Records

Clinical context carried forward across visits

Prescription Care Connect

Follow-through on care after the consultation

LINQMD.COM

Where we work.

We serve partners across four regions, with more than ten countries in Africa alone.

REGION	COVERAGE	STATUS
Africa	10+ countries	ACTIVE
Middle East	Regional coverage	ACTIVE
GCC	Regional coverage	ACTIVE
South East Asia	Indonesia, Philippines, Vietnam, Thailand, Cambodia, Laos	ACTIVE

Specialised treatment abroad

We help patients reach specialised treatment through partner tie-ups in nine countries, and facilitate their journey from first enquiry to care.
